

International Education Week

International Education Week November 14-18

International Education Week (IEW) at Appalachian State University is a celebration of transformational global experiences at home and abroad. Everyone is encouraged to participate in these free events, which take place throughout the week!

IEW on the national level is a joint initiative of the U.S. Department of State and the U.S. Department of Education and part of our efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences in the United States.

For more information about International Education Week worldwide, please visit <http://iew.state.gov>

Sponsored by the **Office of International Education and Development**
